I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: When I first took estrogen replacement I had many symptoms especially breast tenderness that made life difficult. Lifting my kids & playing sport was hard. Now with these natural hormones I am free from symptoms. They are not available within my state. Please do not limit our access to these through Madia Pharmacy.
